SEIF AYMAN AHMED

Senior Full Stack Software Developer

Alexandria, Egypt (Open to Remote) | +20 122 136 9648 | seif.tanjiro@gmail.com
github.com/TheSeifDev | seifdev.vercel.app

PROFESSIONAL SUMMARY

Senior Full Stack Software Developer who architects and delivers production-grade web platforms end to end, from TypeScript, React and Next.js interfaces to NestJS and Node.js APIs, PostgreSQL data models and cloud deployment. Shipped five production platforms across education, healthcare and AI-driven products, including a RAG-powered assistant and real-time MQTT/IoT systems. Pairs deep expertise in system design, clean architecture and scalable API design with technical leadership: setting engineering standards, driving code reviews and mentoring cross-functional engineers to deliver maintainable, high-performance software.

PROFESSIONAL EXPERIENCE

Lead Full Stack Software Developer & Technical Lead 2025 – Present
PHANTOMS Technology Team | Alexandria, Egypt

- Architect and deliver five production platforms spanning web, desktop and IoT, owning every layer from database schema and REST APIs to frontend and deployment.
- Define software architecture, API conventions and coding standards for a cross-functional engineering group covering software, UI/UX and hardware.
- Lead sprint planning, technical reviews and delivery across concurrent product initiatives, coordinating frontend, backend, AI and IoT workstreams.
- Integrate LLM and Retrieval-Augmented Generation (RAG) workflows and real-time MQTT messaging into customer-facing products.
- Mentor developers on best practices, code quality and system design to raise team delivery standards.

Technologies: Next.js, React, TypeScript, NestJS, Node.js, PostgreSQL, Supabase, Prisma, Electron, MQTT, RAG

IT Support Team Leader 2024 – Present
University IT Club | Alexandria, Egypt

- Lead technical support operations, resolving software, networking and hardware issues to minimize downtime.
- Design and deliver technical workshops on IT fundamentals, networking and troubleshooting.
- Support IT infrastructure and operations for club-wide initiatives and events.

FEATURED PROJECTS

RAFIQ AI Assistant – AI-Powered Smart Medical & Home Assistant phantomsio.vercel.app/rafiq

- Designed and built a flagship AI assistant combining healthcare support with smart-home automation.
- Architected a modular RAG workflow for context-aware assistant responses.
- Implemented real-time MQTT communication for device monitoring and home automation.
- Built a cross-platform, local-first desktop app with Electron, Fastify and SQLite; resolved critical data-persistence and AI-chat reliability issues, improving production stability.

Technologies: Electron, React, TypeScript, Fastify, SQLite, MQTT, RAG, RESTful APIs

IT-SUM Platform – Educational & Academic Management it-sum-seven.vercel.app

- Built a learning platform with content delivery, quizzes and academic management.
- Designed authentication and a scalable relational database architecture.
- Implemented dashboards and content-management tooling for administrators and students.

Technologies: Next.js, NestJS, PostgreSQL, Supabase, Prisma ORM, RESTful APIs

PHANTOMS Platform – Team Platform & Digital Presence phantomsio.vercel.app

- Designed and developed the official platform, owning product architecture and technical decisions.
- Built a scalable frontend architecture and reusable UI component system shared across projects.
- Optimized performance, scalability and user experience across desktop and mobile.

Technologies: Next.js, React, TypeScript, Tailwind CSS, Framer Motion

Nabd Masr – Blood Donation Management Platform nabdmasr.vercel.app

- Developed a platform connecting blood donors with recipients in real time.
- Implemented authentication, user profiles and secure REST APIs; built responsive, accessible interfaces.

Technologies: Next.js, React, Prisma ORM, MySQL, NextAuth

Personal Portfolio – Technical Case Studies seifdev.vercel.app

- Built a high-performance, accessible portfolio with reusable UI architecture, SEO optimization and interactive interfaces.

Technologies: Next.js, React, TypeScript, Tailwind CSS, Framer Motion, SEO

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React, Next.js, React Native, Bootstrap, Tailwind CSS, NativeWind, Vite, React Router

Backend & API Design: Node.js, Express.js, NestJS, Laravel, PHP, FastAPI, RESTful API Design

Databases & ORMs: PostgreSQL, MySQL, SQLite, MongoDB, Redis, Prisma ORM, Drizzle ORM, Mongoose

Authentication: NextAuth, Better Auth, Supabase Auth, Firebase Auth, Clerk, Auth0, JWT, OAuth 2.0, Bcrypt

Cloud & Backend Services: Cloudflare, Supabase, Firebase, Cloudinary

State Management & Forms: Redux Toolkit, Zustand, TanStack Query, React Hook Form, Zod

Real-Time Systems: Socket.IO, WebSockets, Server-Sent Events (SSE), Event-Driven Architecture

AI Systems: LLM Integration, RAG Systems, Prompt Engineering, Conversational AI, AI Assistants

IoT: MQTT, ESP32, Sensor Integration, Smart Home Systems, Hardware-Software Integration

Desktop Applications: Electron.js, Cross-Platform Desktop Apps, SQLite Integration, Local-First Applications

Software Engineering: System Design, Software Architecture, Database Design, Clean Architecture, SOLID Principles, Design Patterns

DevOps: Git, GitHub, Docker, Cloudflare, Vercel, Netlify, CI/CD Fundamentals, Environment Configuration

Technical Leadership: Team Leadership, Mentoring, Code Reviews, Sprint Planning, Technical Strategy, Engineering Standards, Cross-Functional Collaboration

Tools: Postman, Figma, Adobe XD

Programming Languages: JavaScript, TypeScript, Python, PHP, Dart, C++

EDUCATION

Bachelor of Technology in Information Technology (IT) 2025 – Present

Borg El Arab Technological University (BATU), Alexandria, Egypt

Relevant Coursework: Software Engineering, Databases, Networking, Information Systems, Programming

CERTIFICATIONS

Cisco Networking Academy: Introduction to IoT, Introduction to Cybersecurity, Cybersecurity Essentials, JavaScript Essentials 1 (JSE)

New Horizons: Full-Stack Web Development, HTML & CSS, JavaScript, Bootstrap, React.js, Tailwind CSS, MySQL, PHP, Laravel
